Dear DIANE ACCURSO:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of VICTOR ACCURSO. Your claim number is VCF0101488. Your Eligibility Form was determined to be substantially complete on June 19, 2018. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- MALIGNANT NEOPLASM OF LOWER THIRD OF ESOPHAGUS

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If you believe the decedent had eligible injuries not treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need to use the VCF Private Physician process. The Private Physician process is a way for the VCF to gather the required information about the decedent's treatment in order to process your claim.

All forms are available on the VCF website under “Forms and Resources.” The website also includes detailed information and instructions on the Private Physician process.

Dear ANGELINA CASALETTO:

The September 11th Victim Compensation Fund ("VCF") previously sent you a letter notifying you of the eligibility decision for the claim you submitted on behalf of VICTOR CASALETTO. Your claim number is VCF0109056. The letter explained that the VCF had reviewed your claim and determined you were not eligible for compensation. The letter included the reason(s) for the decision and information on how to amend your claim. You then amended your claim and provided additional information not previously submitted to the VCF.

As a matter of policy, the VCF treats claims submitted on behalf of deceased victims as personal injury claims if the victim's death is not related to a VCF eligible condition. Therefore, although you filed a claim form for a deceased individual, the VCF has determined that your claim will be evaluated as a personal injury claim because the victim's cause of death was not a VCF eligible condition.

The VCF has considered your amended claim and reviewed the new information you provided and has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the following injuries:

- MALIGNANT NEOPLASM - SKIN

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Dear JOANNE DOEPFNER:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of THOMAS DOEPFNER. Your claim number is VCF0102393. Your Eligibility Form was determined to be substantially complete on November 03, 2017. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- MALIGNANT NEOPLASM OF PROSTATE
- MELANOMA OF SKIN, SITE UNSPECIFIED

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If you believe the decedent had eligible injuries not treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need

to use the VCF Private Physician process. The Private Physician process is a way for the VCF to gather the required information about the decedent's treatment in order to process your claim. All forms are available on the VCF website under "Forms and Resources." The website also includes detailed information and instructions on the Private Physician process.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

Dear LUCY FINELLI:

Your Eligibility Form for the September 11th Victim Compensation Fund ("VCF") has been reviewed. You submitted an Eligibility Form for Deceased Individuals on behalf of NICHOLAS FINELLI. Your claim number is VCF0069103. The Claims Evaluator determined that your Eligibility Form was substantially complete on September 2, 2014. As stated in the Regulations and on the Eligibility Form, by filing a substantially complete Eligibility Form, the right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors has been waived.¹ For more information about this topic, please review Frequently Asked Questions ("FAQs") #7.1 thru 7.4 on the VCF website at <http://www.vcf.gov/faq.html>.

The Decision on your Claim

The VCF has determined that the decedent meets the eligibility criteria established in the statute (the Zadroga Act and the original statute) and that you meet the requirements as the Personal Representative of the decedent. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the following injuries have been found eligible:

MALIGNANT NEOPLASM OF ESOPHAGUS UNSPECIFIED SITE

Please note that there are several reasons why an injury that you think should be eligible is not listed above. First, for non-traumatic injuries, the description of the injury is based on the information provided by the WTC Health Program and there can be several alternative descriptions for the same injury. Additionally, a WTC Health Program physician may have provided testing or treatment for an injury even if the injury has not been certified for treatment. Finally, an injury may not be listed if it was only recently certified for treatment. The VCF regularly receives updated information from the WTC Health Program and will notify you if additional injuries are certified during the processing of your claim.

¹ The Statute (the Air Transportation Safety and System Stabilization Act as amended by the Zadroga Act) and the Regulations are located at <http://www.vcf.gov/lawRulesOtherDocs.html>.

What Happens Next

The VCF will determine the compensation amount based solely on the eligible injuries listed above. If you have not already done so, please submit the Compensation Form for Deceased Individuals and the required supporting documents as soon as possible. To reduce administrative costs and speed claims processing, you are encouraged to submit the Compensation Form through the VCF's web-based claim system at www.vcf.gov. If you wish to complete the Compensation Form in hard copy, you may download and print the form from the VCF website or call the toll-free Helpline at 1-855-885-1555 to request a form be mailed to you. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-353-0356.

When submitting the Compensation Form, please be sure to complete and submit the proposed distribution plan, including the requested information about each individual you propose to receive a portion of the award. Please also complete and submit the VCF ACH Payment Information Form. This form can be found on our website under "Forms and Resources." The completed form must be submitted before the VCF can arrange for any payment.

The VCF will be able to determine the compensation amount based on the eligible conditions after all compensation related documents are submitted. When you receive your compensation decision letter, you will have the right to appeal. In that appeal, you have the right to assert additional injuries that you believe are eligible and should be compensated. For purposes of the statutory deadlines, the injuries listed in your claim form and the injuries certified as eligible will be deemed "filed". You will receive instructions on the appeal process when you receive the letter with details of the compensation decision.

If you have questions about the information in this letter or the claims process in general, please contact our toll-free Helpline at the number noted above. Every effort will be made to respond to your inquiries as soon as possible.
